Crane Seeks Further Study On Selection Of Disaster Shelters

Although the Red Cross Disaster Relief Committee in San Mateo county named three schools in Daly City as local relief centers in case of a war emergency, Daly City officials announced, Saturday, that such centers had not actually been determined yet.

Local schools which were included in the county's list of centers were General Pershing school, Woodrow Wilson school, and Jefferson Union high school.

R. L. Crane jr., member of the local Civilian Defense Council who is charged with the responsibility of forming a shelter committee for disaster sufferers, said that a committee has not yet been formed, and consequently, a proper inspection of possible shelters for disaster sufferers has not yet been carried out.

Crane explained that the shortage of persons in Daly City to fill positions on the large number of committees required was the chief obstacle to formation of the shelter committee, but a committee will be functioning soon.

Of the three schools named by the county group, only Jefferson Union high school has actually been recognized, as yet, as an emergency center. A medical unit was set up in the basement of the high school in January and established as an emergency medical station to be used by physicians and surgeons of the Emergency Medical Unit and certain recognized Red Cross first aid groups.

Pageant Of Petals Will Highlight Memorial Holiday

Bettie Jayne Duffy Is Daly City's Queen Contestant

A new chapter of patriotism and pageantry will be written into the pages of San Mateo County history during the Memorial Day week-end with the staging, Saturday, of the second-annual Pageant of Petals, a giant War Bond Rally centering in the City of San Mateo.

The great, county-wide event will be participated in by organizations from San Francisco to the south end of the county, and from as far West as Half Moon Bay.

Many Daly City residents are planning to attend the pageant. Bettie Jayne Duffy, 9-year-old daughter of Mr. and Mrs. Robert Duffy, 141 Los Baños avenue, is one of the entrants in the queen contest held in connection with the show. The girl who wins the contest will be crowned, this evening, at the Baywood theatre. Whether she wins the title of queen or not, little Miss Duffy will take an active part in the fete.

In Daly City no special Memorial Day programs have been planned. City departments, other than the police, will be closed, as will banks and some stores.

USO DRIVE Organizations Aid With Donations

Joining six thousand other American communities in the U. S. O. campaign, Daly City rocketed into the 1942 drive for funds with donations amounting to \$43.25 before the campaign was but a few hours old.

Four local organizations assisted the committee in Daly City by contributing to the United Service Organizations in the annual campaign for a yearly operating budget. Three companies of the Daly City Fire department, Companies 1, 3 and 4 each contributed \$5. The Daly City Better Government club donated \$13 to the campaign. Other opening donors to the campaign were Old Glory Post No. 2044, Veterans of Foreign Wars of the United States, and the Colma Vista Grande Aerie No. 1848, Fraternal Order of Eagles. The V. F. W. donated \$5, and the local aerie of the Eagles donated \$10.25.

Tons Of Trouble For The Japs!

Over a ton of trouble a week is in store for the Japs from Daly City's Tin Salvage Drive, Chairman R. L. Crane jr. announced, Monday, when he reported that tin collections received by local schools have averaged a ton a week since the drive opened.

In the collection, Friday, the city trucks departed from local schools with 2,475 pounds of tin to be treated at the Metal Ther- (Continued on Page 8)

Seven Get Permits For Tires, Tubes

Local tire and tube applicants to the San Mateo County Rationing board, Northern district, were issued seven permits to purchase automobile rubber, last week, according to a report from rationing officials, Tuesday.

Daly City and Colma applicants who will purchase tires or tubes are: George J. Bertucci, Colma, rural letter carrier; Kenneth I. Chisholm, Colma defense worker; Raffetto Ranch, Colma; Sam Rosenberg, Daly City, junk dealer; Joe Zacheo, Daly City, grocer; and Larence Shaw, Daly City, defense worker.

Shade St. Lights On Seaward Side

Action to comply with orders of the Twelfth Naval district to "dim-out" all lights visible from the ocean was taken this week as all of Daly City's street lights, were being shaded on the seaward side. This will eliminate any reflection to the shore line.

Enemy submarines off both Atlantic and Pacific coasts brought about the order which was first issued in California by Admiral J. W. Greenslade, commandant of the Twelfth Naval district. The order was later extended over the entire California seaboard.

Daly City, in a survey by civilian defense and navy officials was found to be one of the cities which would be most affected by the order because of its position on a raised level from the shore line. Arthur J. Bodien, civilian defense chairman in Daly City, ordered all residents of this community to either extinguish or shade all lights, either interior or (Continued on Page 8)

To Issue Helmets, Masks To Qualified Volunteer Workers

Issuance of protective equipment to be worn in time of disaster by civilian defense volunteers of Daly City was announced, Tuesday, by two local officials, Arthur J. Bodien and R. L. Crane jr. on their return from a meeting in Oakland.

The two Daly City officials met with other civilian defense bodies in vital defense areas at the Oakland meeting where it was announced that gas masks and gas protective clothing would soon be issued to local defense councils.

In commenting on the action, Crane hastened to add that these steps were not being taken because of any sudden fear of gas attacks, but merely for extending training for all volunteers. In the expansion of the civilian defense training program, Crane was appointed to serve as Daly City's director of training.

The gas masks will be issued as soon as all volunteers complete the necessary specialized gas training. Daly City will hold the classes on Saturday and Sunday for all wardens, auxiliary police, auxiliary firemen, first aiders, rescue squads and all volunteers. The course consists of an hour and a half lecture on gas and an hour and a half lecture on the use of gas masks. No volunteer who has failed to complete the course will be issued a gas mask.

First civilian defense helmets in Daly City were issued, Monday night, to 39 first aid volunteers who have completed the standard courses, besides courses in gas defense and general training. No other volunteer groups have yet been certified, but it is expected that, by next week, a large number of other volunteers will be issued the new helmets.

Infantry Begins Drills At Jeff Field

Preparations were begun last night at Jefferson Union high school's athletic field to safeguard the lives of Daly City people in case of an enemy invasion as the newly formed Company B of the Seventeenth California Infantry began initial drills.

Under the command of Lieutenant Jack Hill, local man who forwarded the organization of the Daly City company and second lieutenant in the San Francisco infantry headquarters, the Daly City contingent began drills with approximately 25 new recruits from Daly City. Lieutenant Hill (Continued on Page 8)

Thirty-Five Join Fighting Forces

Joining the ranks of Uncle Sam's fighting forces, this week, are 35 young men from Daly City Draft Board No. 103. They were inducted into the army at the San Francisco Armory.

Led by Wendell Wagstaff, South San Francisco selectee, and two assistants, Romane Caletti, South San Francisco, and Remo Boni, 679 San Diego avenue, the local contingent was examined by army doctors and sent to various camps for basic training.

Exact information regarding the time and day when the draftees left (or are still to leave) has been withheld from publication under a new army order which has only recently been effected. The only information released by the draft board regarding the time of departure is that the contingent was scheduled to leave this week.

Of the 35 youths who were drafted this week, fifteen were men who resided in Daly City and Colma. Following are names of the local men: Frank Compagno, 3280 San Jose avenue; George Alfred Schauer, 285 Hillcrest drive; Remo Paul Boni, 679 San Diego avenue; George Harvey Phelan, (Continued on Page 8)

Even Old Neptune Thinks It's Good!

What's good? Why, "Hawaiian Paradise," of course! Even old Neptune says so. This reporter raced right down to the beach and asked.

"Of course I'll make a statement for the press," said Neptune, combing his flowing beard with a seashell. "It's the best show Daly City will see this year. It's got everything! Music, gorgeous gowns, expert swimmers, beautiful girls! Be sure to see it," he concluded.

And Daly City is taking his advice in a big way. Jefferson Union high school has scheduled five performances due to public demand. Two will be presented this evening, one at 7 p. m. and one at 8:30 p. m., and two performances are slated for tomorrow evening. In addition, an afternoon presentation for high school students is being given.

More than a hundred girls and boys are taking part in the pageant. Although swimming, diving and formation events are being featured, stage numbers, starring beautifully gowned models and musical and dancing artists, will augment the program. The Indians of Rhythm are furnishing the music.

Parochial School Presents Musicales

Presenting the musical talent of students of Perpetual Help school and affording parents an opportunity to see the progress made in the past year by their children, a colorful musicale was presented by the parochial school at Masonic hall, 17 Hillcrest drive, last night.

Marked by an outstanding program of classical music arrangement (Continued on Page 8)

Grand Jury Indicts Pavlos For Murder

George Pavlos who allegedly killed Robert Darnell in the Hillcrest apartments, 27 Hillcrest drive, Sunday morning, April 26, was indicted for murder by the San Mateo county grand jury before Superior Judge A. R. Cotton, Friday, in Redwood City.

The preliminary hearing in Daly City, which was first set for Friday in the local court and was later postponed, was automatically cancelled by the grand jury action. The case will go directly to the superior court. Pavlos is being held in Redwood City in the custody of the sheriff's office.

After hearing testimonies of ten witnesses last week, the jury reached a decision late Thursday night. Aside from witnesses who lived in the apartment house, the jury heard testimonies of Police Chief James G. Reardon and a (Continued on Page 8)

Ration Books Still Can Be Obtained

Sugar users in Daly City who have not yet received war ration books can obtain them by applying at the headquarters of the San Mateo County Rationing Board, Northern district, in the basement of the South San Francisco post office, it was reported Tuesday by Johnny Dell, Daly City member of the board.

With the other schools of the county, Daly City schools, both the grammar school and Jefferson Union high school, were commended highly by Paul I. Fagan, county rationing administrator recently for their splendid work in registering sugar users. Registration for commercial sugar users was held in the high schools and householders registered at the grammar schools.

Council Considers Licensing All Play Machines

New Set-Up Would Affect Pin Ball, Pay Phonographs

Placing of all pay amusement devices under city control was foreseen, Monday, as the city council heard the reading of an ordinance in an introductory form which will legalize the operation of all mechanical amusement machines in Daly City.

No action was taken at Monday's meeting but the council is expected to vote on the measure at a future meeting. Under the proposed ordinance, all devices, such as slot machines, pin ball machines, and pay phonographs, will be licensed and a permit will be granted by the chief of police before the owner is allowed to operate the machine in the city limits. Any machines which are not applied for, or for which no special permit from the chief of police has been granted are illegal, according to the ordinance.

Extension of time for a period of one year in the suit filed by Pacific Coast Aggregates against Hanrahan-Connolly company, contractor for the city street improvements, was authorized by an adopted council resolution at Monday's meeting.

Bids for the purchase of a new dump truck for the street department were announced to be open for bidders, Monday, June 8, according to a resolution adopted. Specifications of the bid call for a standard make vehicle.

The council adopted a resolution authorizing the abatement of weeds near all streets and alleys of the city. The measure described the weeds constituted a public nuisance which must be abated by the removal of the weeds. If the weeds are not removed, according to the resolution, they will be removed by city authorities, the cost of which will be charged to the land on which the weeds appear. Protest meeting for the removal of the weeds was set for Monday, June 22.

Reporting on the park committee, Councilman Edmund Cavagnaro pointed out the need for a spraying machine for trees and plants in the city parks, and the council passed a motion legalizing the purchase of a sprayer.

In reviewing the work of the library committee, Councilman Hugh Smith jr. told the council that plans were being made with (Continued on Page 8)

PTA To Distribute Children's Tags

Identification tags for all children in Daly City who were registered with P. T. A. workers during the sugar rationing sign-up will be distributed in the Daly City grammar schools, tomorrow, according to Mrs. Cora Coulthard, chairman of the registration committee for the Seventeenth district.

A corps of P. T. A. workers will be present at the schools to distribute the tags to the parents of the children. Parents may receive the tags by calling at the school at which they registered their children at some time during school hours. If the parents cannot come to the school in person, they may assign the duty to a responsible child.

Local grammar schools where parents registered their children for the tags are as follows: General Pershing school, 631 Hanover street; Crocker school, 649 Bellevue avenue; Woodrow Wilson school, 43 Miriam street; and Jefferson school, 14 Alemany street.

Any parents who did not register their children for tags before may do so tomorrow.

Spring Fuchsia Show At Bungalow Nursery

The spring fuchsia show held, Sunday, May 17, at Bungalow Nursery's "Hall of Flowers," Hillside boulevard, Colma, by the American Fuchsia Society gave enthusiastic followers of this flower their first opportunity of comparing some of this year's new and overgrown introduction with the best of former seasons.

Gus Niederholzer, well known hybridist, was in charge of the specimen blooms and Mrs. William Roth was responsible for the display of artistic flower arrangements made up with fuchsias as the central theme. Hanging baskets were from the collection of Mr. and Mrs. Henry Werle.

Attracting most attention among the doubles were the new large and floriferous Lindissima.

More than a thousand visitors attended the show; among them were many Daly City residents.

Mrs. Fahy, Pioneer Resident, Dies

Mrs. Margaret A. Fahy, 83, a resident of Daly City 34 years and widow of Philip Fahy, former county health department employe, died, last Thursday, at her home at 613 Bellevue avenue. She was a member of Court St. Mary's No. 1155, Catholic Daughters of America, and of the Mothers Club of Our Lady of Perpetual Help school.

Surviving are three sons and a daughter, William G. Fahy, San Francisco; Richard J. Fahy, San Anselmo, and Clarence E. Fahy and Mrs. W. E. Thompson of Daly City; six grandchildren and two great-grandchildren. One of her grandsons, Father Eugene E. Fahy, is a Jesuit missionary in Peiping, China, now occupied by the Japanese.

Funeral services were held, Saturday morning from the Gantner, Felder, Kenny chapel in San Francisco with requiem high mass at 10 a. m. at Our Lady of Perpetual Help church. Interment was in Holy Cross cemetery, Colma.

The St. Mary's court, Catholic Daughters, recited the rosary at 8 p. m., Friday evening at the mortuary.

Director George Stevens goes over a scene of "Woman of the Year," with its stars, Spencer Tracy and Katharine Hepburn. Stevens and Miss Hepburn are old friends, the director having guided her some years ago in "Alice Adams."

Tracy, Hepburn Co-Stars Of Film

SPENCER TRACY and Katharine Hepburn pool their respective talents in "Woman of the Year," which opens at the Daly City theatre, tonight. The story was chosen by Miss Hepburn with the stipulation that Tracy be her co-star. Accordingly, it was to be assumed that the plot would avoid formula, and it definitely does. With Miss Hepburn appearing as a brilliant newspaper columnist in the title role, Tracy is sports editor on the same metropolitan daily. They clash immediately and by their very differences find interest in each other.

The girl demands in her column that baseball be abandoned for the duration of the national emergency, which brings a swift rebuttal from Tracy. Their feud is silenced only when Reginald Owen, as the managing editor, orders an armistice. In the interval of peace, a series of events arise which brings about a marriage and an inevitable clash between husband and his career wife.

George Stevens directed the picture with deft understanding. Metro-Goldwyn-Mayer surrounded the stars with a strong cast including Fay Bainter, as Miss Hepburn's aunt, herself an imposing figure in public life; Reginald Owen, as the sympathetic managing editor, and in the supporting group Minor Watson, William Bendix, Gladys Blake, Dan Tobin, Roscoe Karns and William Tannen.

D. C. Golfers Try For Championship

Einar Hansen, Daly City golfer competing in the Northern California amateur golf championship at Del Paso country club in Sacramento, won his two first round matches in the championship flight, Sunday.

He defeated John Jory, Sacramento, in the first round, 2 up, and stayed in the running after the second round when he beat Bill McCallum, Sacramento. Eddie Fry, victor over Hansen in the Alameda Commuters' tourney several weeks ago, was eliminated in the first round play at Sacramento.

After a sparkling performance in the qualifying rounds Saturday, another Daly City entrant from the Coyote Point links, Art Davis, was eliminated in the championship flight by Phil Gordon, Oakland golfer. The two Daly City men, Hansen and Davis, tied for third place in the qualifying rounds by shooting a 70 apiece, three under par for the course and only one stroke behind Fry and Tom Dwyer who tied for first with a 69 apiece.

Navy School at G.E.

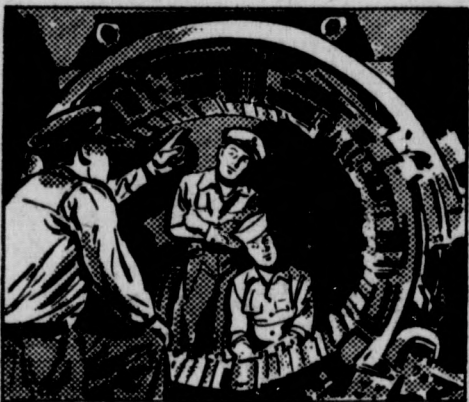

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

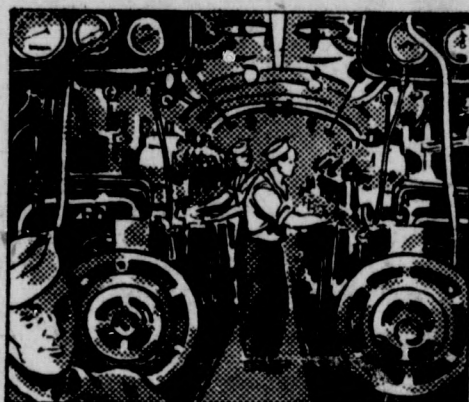

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee.

2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G-E engineers.

3. and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge.

4. This is but one proof of the thorough training which the U.S. Navy gives its men, so that the vital equipment of war will always be ready for action.

General Electric believes that its first duty as a good citizen is to be a good soldier.

We have seen the Flag floating in front of the post and
remember it on many a Fourth of July picnic in the long
ed. Today it is fiercely and proudly at war.

Now many of us are really seeing it for the first time.
denly, it has become the most precious thing in the world
in our throat and we cannot speak because we love it so

Only now are we beginning to know the tremendous task before
us. We watch dear friends depart and we know that some of these
faces we shall never see again. We know the price we shall pay in
wrecked bodies, in silent grief and in gold stars. It makes no dif-
ference. We are ready.

Through our long years of dream and illusion we had almost
forgotten our beginnings and what it means to be free. Our heritage
lay neglected while we followed false prophets and feared little
fears. Only yesterday we cherished ease above liberty; only yester-
day we felt ourselves divided on little things.

Today we stand united against the common enemy who would
destroy us all.

We know now what we never knew in the days of our illusion,

Devlin Wins Trip To Aviation Base

After winning acclaim for being one of four model plane builders to turn out a record number of model aircraft for use by the United States Navy, Frank Devlin, 469 Niantic street, received a free trip through one of the Navy's Bay Area aviation bases, Saturday.

Used by the Navy for charts and maps to represent real planes, the model planes are built according to specifications required by the Navy Bureau of Aeronautics. All planes must be Navy inspected and approved before they are accepted. With a complete set, Frank has led individual builders in accepted planes produced since the program was introduced by the Navy over two months ago.

Reward for his fine achievement was made when Frank and his three colleagues were made high ranking honorary officers in the Navy, and they were presented certificates. Lieutenant Tex Witherspoon, U. S. N. R., conducted the boys' tour through the air base, showing the boys through the shops, control centers, and barracks. The boys saw all types of navy planes. They had lunch in the officers' mess.

Ice Follies Now At S. F. Winterland

Acclaimed nationally as "Public Entertainment No. 1," the fabulous Ice Follies has come back home to San Francisco and is now playing at Winterland for a limited engagement.

Bigger and more brilliant than ever, the dazzling ice revue is being seen in an entirely new edition. New stars have been added to the already star-studded cast, which has delighted thousands here during the past three years. Routines are new, music is new and all of the acts are new. There are now 103 skaters in the show.

Producer-stars Eddie Shipstad, Oscar Johnson and Roy Shipstad again head the cast, with all-new presentations. Beauteous Bess Ehrhardt is again being starred, as are Ruby and Bobby Maxson, Papez and Zwack, Osborne Colson, Fran Claudet, the McKellan brothers, the Galbraith brothers, Mae Ross, Phyllis and Harris Legg and others.

Jack London

Jack London's body was cremated and the ashes buried beneath a large red boulder on Sonoma mountains, near his home at Glen Ellen, Calif.

Trick and Frack, hilarious comedy team, appear with the 1942 Ice Follies at Winterland.

Sun 'Hard-Boils' Eggs

Alabama's heat wave had other than human casualties last summer. Mrs. Z. L. Clayton of Boaz, Ala., reported that eggs she gathered from a bird's nest had been "hardboiled" by the sun.

Really NEED a New Car?

Liberalized rules may let you get one

Who is Eligible to Buy a New Car?

There are seven major classifications for persons eligible to buy new cars under basic rationing rules.

These include persons engaged in the production of war materials or in the prosecution of the war, directly or indirectly; physicians, nurses, clergymen, veterinarians; car-owners engaged in public service, such as fire departments, public health, highway maintenance, etc.; owners of taxicabs and other means of transportation; farmers; newspaper wholesalers; and traveling salesmen in certain fields.

Your Buick dealer will be very glad to help you determine whether you come under the rules of eligibility. He also will be glad to help you fill the proper applications.

Don't guess about your eligibility — see your Buick dealer now and make sure.

IF your work is connected directly or indirectly with the prosecution of the war, you may be eligible to buy a new car—right now.

Under newly liberalized rationing rules it is easier than most people think to replace cars now in use with brand-new, long-lived, gas-thrifty 1942 Buicks.

Maybe you can wash out worries about tire-life by starting afresh with a complete new set—tires that will last longer, if they're on a Buick, because new Broadrim wheels both ease the ride and lengthen tire-life.

Remember, the 1942 models your Buick dealer now has ready for immediate delivery were built to serve you through the duration and beyond.

They are wartime tough, durable beauties built to last, built to go a long, long way with a minimum of upkeep.

So if you're eligible, you may be money ahead getting a new Buick now rather than trying to make an old car "do."

Why not drop in, talk it over and see if the new liberalized rules do not entitle you to a new automobile now?

If you're eligible for a new car —
Better Buy Buick!

COOK FOR HEALTH

WITH YOUR

Electric Range

This is a message to the thousands of California women who now use the electric range. It is a good and faithful and durable servant in your home. Take care of it. Study again the instruction book that came with your electric range. Save electricity and save your range by cooking at proper temperature and exact cooking time. Unnecessary high-heat wastes kilowatts. Overcooking wastes electricity and destroys nutritive values in foods.

You, as an electric range user, have practiced nutritional cooking for years. You have, for example, cooked vegetables with little water over the glowing coils of electric heat. Your family and your dinner guests know that foods so cooked are tastier. And because foods so cooked are not pot-watched and stirred they are whole and wholesome in nourishing vitamins and minerals.

The correct care and use of your electric range will be a contribution toward winning the war.

Alaska? Not This Year!

The increasing number of applications of private citizens, many of them dependents of persons in military service or employed on military projects, for permission to travel to Alaska has necessitated a statement of policy on the transportation of civilians to the Territory.

The Commandant of the Thirteenth Naval District and the Commanding General, Western Defense Command, are discouraging travel of all women and children to Alaska, especially southwestern and western Alaska.

USO DRIVE

(Continued from Page 1)

erica for the USO expenditures for men in the service, William P. Bolger, chairman of the local drive, showed both collectors and all citizens that it is still a long way from the quota, and it would require the full support of everyone to have the city well represented financially.

Maintaining service both within the nation and overseas to make life in the service more pleasant for the soldier, sailor, or marine, the U. S. O. has rapidly proved to be the most efficient and helpful organization ever to aid a service man. Conveniences of every description for the men in Uncle Sam's armed forces have become a reality through the medium of the U. S. O. Aside from these many services, the U. S. O. has organized these six special services at the request of the War and Navy departments: troops-in-transit service; camp shows; organization of citizens' committees for troops in communities without U. S. O. centers; the Victory Book Campaign; and service for troops on maneuvers, and service for men on detached duty.

In centers in all parts of the world though, U. S. O. has discovered that to continue this fine service in making the men happy means that certain expenditures are required. It is for this reason that the U. S. O. appeals to citizens of this community (almost all of whom have relatives or close friends in the army or navy) to give as much as possible to the 1942 campaign which will be carried out until July 4.

The entire community will be canvassed by auxiliary police officers of the local civilian defense council, and they will be assisted by other collectors. The city has been divided into eight sections. A regular police officer is in charge of each district. Chairman Bolger said that an effort will be made to reach every house in Daly City. However, in case a collector fails to call, contributions can be made in the Daly City Water department in the city hall.

men who have reached their twentieth birthday between December 31, 1941 and June 30, 1942. Youths of 18 and 19 years of age, although they must register, will not be subject to military duty under the present selective service act.

The local board is now finishing the job of mailing occupational questionnaires to registrants of the third signup.

Designed to determine the skills of registrants who might be helpful in war production, the job questionnaires are not to be confused with the military questionnaires which are sent to all registrants for military classification. The occupational forms must be returned to the local board within ten days of the time it was mailed to the registrant. An advisory board is maintained at the local draft office to help registrants fill out their questionnaires if assistance is needed.

ed him that no county in the state had carried out a better job than the San Mateo county schools, Fagan said:

"In most of the counties in the state, the county rationing boards had considerable work to do during the registration period, but that has not been the case in San Mateo county. The schools carried on the work from the start through to the actual filing of consumer application blanks in cabinets that were turned over to them, and this was a tremendous job."

COUNCIL

San Mateo county for opening the public library during the morning hours.

Reports on civilian defense activities were made by Arthur J. Bodien and Arthur H. Quirnbach, local defense officials. Quirnbach pointed out the need of city employees to represent the city at a bomb reconnaissance school in San Francisco. The school opens today and continues through tomorrow, and Quirnbach expressed the possibility that additional classes will be required.

The council passed a motion for additional telephone equipment to be added to the civilian defense organization.

"The Old Shack"

In a clever little verse, Mrs. J. E. Sanderson has told how she and her husband have remodeled the house at 21 Shakespeare street. "Before we completed our work, 21 Shakespeare was just an old shack," she said. "Now it really does resemble a house."

said that Daly City needs a quota of at least 217 men to serve in this district before local defenses can be adequately set up and established as a regulation size division of the Seventeenth California Infantry.

In signing up the new infantrymen, Lieutenant Hill urged all Daly City men who are qualified to enlist in the service now. All men between the ages of 18 to 64, American citizens of sound mind and body are eligible to enlist in the infantry. The drills require only a few leisure hours a day, and the organization is especially interested in getting men who are deferred from the draft. However, men who are eligible for draft can obtain much military knowledge from the drills as a preface to army instruction.

Lieutenant Hill is recruiting officer for Company B, and he can be contacted at his home, 398 Parkview avenue.

Outstanding numbers which the parochial students presented for their parents were: "Little Mother of Mine" written by H. T. Burleigh; Schubert's "Unfinished Symphony;" Strauss' "Tales from the Vienna Woods;" "Waltz of the Flowers;" and MacGregor's arrangement of double melodies, "Old Folks at Home" and "Humoresque."

Talent for the recital included: Helen Hankerson, Richard Hankerson, Pauline Byrne, Betty Korhummel, Joan De Martini, Frank Sulzberger, Adele Lafayette, Isabelle Kohmann, Mary Hanley, Clara Sulzberger, Dorothy Langensand, Joan Romiguere, Gloria Parmisano, Robert Weidenkeller, Evelyn Mullen, Rose Sylvestri, Gloria Bacigalupi, Jean Bacigalupi, Phyllis Lane, Adrienne Al-lain, Billy Drury, Annette Drury, Sheila Cunningham, Nadine Ochsky, Leroy Greenwood, Jacqueline Conci, Alice Marchioni, Marilyn Stout, Joyce Petty, Frances Looper, Virginia Swanson, Patricia Tallon, Roberta Furger, Audrey Bouckhout, Janet Schreiber, Mary Marriscola, Jack Musante, and Kathleen Schriber.

mite plant in South San Francisco. All local housekeepers who are donating empty tin cans for the drive take them to local schools each Friday when the weekly collection is taken to the South San Francisco plant to get the valuable metal in the tin cans.

"Every time you squash a can and deliver it to your local tin collection center you are helping your boys out there squash the Japs and at the same time you are making the lives of the youngsters you tuck in bed at home more secure," Theodore M. Lillenthal, San Mateo county salvage chairman, told tin savers. All local housekeepers were urged not to throw away a single can. They can be delivered to the schools by any local school student.

Representing the net proceeds of the first collection of tin from San Mateo county, a check for \$75 was presented by Lillenthal to Dr. Carl Hoag, chairman of the recently established San Mateo County Blood Bank.

"It is a well established medical fact that you can't get blood out of a turnip, said Dr. Hoag," but I have indisputable evidence that there is warm red blood in the Tin Salvage Campaign. For the safety of our children's lives in case of a disaster in San Mateo county, the blood bank has been established, and no organization is contributing more wholeheartedly than the Salvage for Victory Committee."

In addition to the fine service to the local tin drive, shown by local students of all the schools, two Woodrow Wilson students won honorable mention, besides a 25 cent savings stamp apiece, in a countywide tin slogan contest. Herbert Fensin, who submitted the slogan, "Uncle Sam must win, so save your tin," and Esther Galindo with the phrase, "Help us win by saving tin" were the two Woodrow pupils.

exterior, which can be seen from the shore line. Residents can test the visibility of their lights even in the daytime, it was pointed out, if the tester will take a position near the light so that the eyes are on a level with the light. If the ocean can be seen, the light is visible and should be put out or shaded.

Business buildings should also be examined by owners to make sure that no lighting on the building can be reflected on the shore line. Absolutely all lighting on the building which can be seen from the ocean must be put out. This order includes commercial lighting and neon lighting. Only business houses whose lights can be seen from the ocean must follow this rule. No provisions were made in the first order for dimming out all commercial lighting, although such a plan is likely. Dim-out orders will be enforced by civilian defense workers and backed by the Navy.

San Francisco firearms expert who examined the gun which is chief evidence in the case.

Darnell was shot in the hallway of the second floor just outside his apartment. He arose to answer a knock at the door, according to the testimony of Mrs. Clara Parriot, formerly known as Mrs. Darnell, wife of the victim. When he found no one at the door, he went into the hall where he was killed. After investigating, local police found a gun in the light-well outside Pavlos' room on the second floor. Pavlos admitted ownership of the gun but denied that he had anything to do with the shooting.

In Tibet earrings are worn by people of all classes, because of the widespread belief that a person whose ear lobes are not pierced will be reborn in the next life as a donkey.

atched our boys and girls pledge it allegiance. We
our peaceful yesterdays we have taken it for grant-

ow that we may lose all it has ever stood for; sud-
e it goes, fluttering over the khaki lines. A lump gets

this last great test had to come. Long ago it was written
those who would keep their freedom must ever stand ready
e for it, and that some day the battle must be joined. Such,
er or later, has been the destiny of every free people and it
too much to hope that with us it could have been otherwise.
Now have come the days of grim decision. They are also days
ope. Once more the faith and idealism of our fathers are work-

Once more the Flag moves forward, hope of the world, light of

ASSEMBLIES

Commander A. Scott, Pacific Greyhound, will make an appearance before the students of Jeff, June 2. Commander Scott is well known to the student body for he presented a program in December, 1940.

According to Clive M. Saiz, journalism instructor, this will be one of the few engagements Commander Scott will keep in northern California, this spring.

TIN CANS

Students at Jefferson are just more than doing their share to help Uncle Sam send more and more bullets at Hirohito.

A victory dance, called the Can-Can Swing, was held, Friday evening, in the school auditorium.

Price of admission was 12 tin cans which were handed to the entertainment committee in exchange for a ticket.

This was the first affair put on under the supervision of the new entertainment committee chairman, Norma Pedemonte. Miss Pedemonte was assisted by the retiring chairman, Frank Feno, and members of the entertainment committee.

At the close of the dance, it was estimated that over two thousand cans had been gathered.

ELECTION

All petitions for new candidates for the fall semester were handed in Thursday afternoon.

The following students have indicated their intentions of running for office: Tom Callan, John Mosman, John Rerech, president; Tillie Castro, Joe Rodriguez, vice-president; Kay Lopresti, Betty Brewer, secretary; La Verne Merlo, treasurer; Walter Cavagnaro, judge; Newton Kile, sergeant-at-arms; Jennie Giusti, yell-leader.

These candidates have not as yet been approved by the faculty.

SENIORS

You certainly can tell that important day in a high senior's life is just around the corner. The old school house is just seething with activity.

Announcements and tickets to the commencement were given to students, last week. Each student

will be given five seats to the exercises.

Names are now being handed in for the bids to the senior ball.

English and aptitude tests were given, Saturday, to seniors who anticipate entering San Mateo Jaycee next term. A vocational and English test will be given Saturday, May 30, for Jaycee and California, respectively.

Test for entrants to San Francisco State Teachers college will be given, July 20.

This semester's trip to the junior college has been postponed due to the rubber shortage.

Junior college officers sent representatives to speak to the high seniors and give them an idea what college life is like, last Monday.

Miss Marjorie Robinson, faculty advisor, introduced Charles S. Morris, president of the college, who gave a brief address. Dr. Frank Stanger, history teacher; Miss Martha Burrill, commerce teacher and Miss Ada Beveridge, public speaking and dramatics teacher, each gave a brief speech about courses that would appeal to the student during this emergency.

INDIANS OF RHYTHM

Decked out in brand new band outfits, the Indians of Rhythm appeared before the students in one of the best performances of their playing career.

Each member of the band wore a cream gabardine coat, black bow tie, and dark pants. The money the dance band has collected from various dances and pay assemblies went towards paying for outfits.

Kay Kyser's School of Musical Knowledge had nothing on these boys—they were called back by the students for encore upon encore.

They made their first public dress appearance at the Can-Can Swing, Friday.

The boys' outfits did much to add to the success of the Victory dance.

SPRING CONCERT

Oscar Busch, music instructor, today announced plans and rehearsals were coming along fine for the Spring concert.

This concert is the first of its kind and will be given by the high school band and chorus.

Date for the affair has not been set, but it will probably take place some time during the first part of June.

The public is cordially invited to attend this affair. Proceeds will go toward paying for the band's new capes.

INDIANS OF RHYTHM

The Indians' calendar is well jammed with activities for the end of the semester. The group plans to play for the Senior ball and other assembly programs.

This evening the group will be seen at the annual water pageant; the program will be repeated tomorrow evening.

Sports

SOFTBALL

Softball turn-outs to date have been extra good, according to Miss Juanita Young, physical education instructor. The girls have held three practises already. Friday's game was postponed until after the swimming pageant.

All sports will be closed this week due to the pageant.

FIRST AID

Miss Young and Miss Ella Redkey recently announced the names of tentative first aid squads to be used in case of an air raid.

Donald Nelson, Clayton Kollman, Clayton Underhill, Carol Bryant, Dorothy Byrne, Ruth Smith, Nadine Bledsoe, Georgia Stamatis, Betty Inks, Shirley Jacobsen composed Miss Young's squad.

Several other students are eligible for this group, but were absent on the day the examinations were given.

Miss Young's squad is to report to the casualty station in the high school in case of a raid.

Miss Redkey's group is composed of: Mary Falbo, Verna Flatt, Alice Forest, Mary Hill, Pat Larson, Alice Settrini, and Ramona Torres. This group will report to the gym.

Both squads are now working on their advance courses. The groups practice every week for additional experience.

WOMEN'S AUXILIARY CORPS

Congress authorized establishment of the Women's Army Auxiliary Corps to the limit of 150,000 members, and the President directed Secretary Stimson to limit initial mobilization to 25,000. Mrs. William P. Hobby of the Army Bureau of Public Relations was named WAAC Director. Mrs. Hobby said WAAC members will be assigned to 62 different kinds of jobs and will replace enlisted men who are now performing noncombatant duties. The first class of 450 officer candidates will be trained at Fort Des Moines, Iowa.

Here's An Exasperating Who-Dun-It For You!

There it was again! The same old false alarm in the same old place! Three companies of the Daly City Fire department were called out again, Saturday evening, to answer a call which proved to be a false alarm at Templeton avenue and Mission street.

Companies 1, 4 and 5 responded to the call but found no smoke, no fire, no excitement. Box No. 45 was the offender again, having previously emitted a dud alarm a few weeks ago.

Legion Invites Public To Tomorrow's Whist

All whist players have been cordially invited to attend the regular monthly whist of Daly City Post No. 410, American Legion, tomorrow evening at 8:30 p. m., at Legion hall.

Emil Pahlka will be chairman of the evening. A committee of members will assist him with the arrangements. He announces there will be a cash first award along with many other valuable prizes.

All members have been reminded of this evening's regular meeting at 8 p. m., Legion hall.

Mirrored Fireplace Wall
Panels of mirrored glass on the fireplace wall increase the apparent size of the room and reflect the dignified beauty of traditional mahogany furniture.

In the Army
In the army, the cavalry is called a troop. In the air corps the similar organization is a squadron; in the artillery the term is battery. Hospital men are in a corps.
